

## Mitzvah Project Brainstorm

### What is a Mitzvah Project at Temple Beth-El?

- 1) A Mitzvah project is something you do to show gratitude for the blessings you have in your own life, to honor your accomplishments as a b'nai mitzvah and as a way to make a positive impact on the world.
- 2) You should do a project that YOU want to do! (Not what your parents, siblings, grandparents, or clergy want you to do.)
- 3) Take as much or as little time as you need to make this an impactful experience.
- 4) HAVE FUN!

### How do I decide on a Mitzvah Project?

Here are some ideas/questions to get you started:

- Sometimes deciding what to do can feel overwhelming.
- Scan this QR code to look at project ideas by topic.
- Have you already volunteered somewhere that you found to be meaningful? You could commit to doing more with that organization.
- Or choose to work with an organization that your family is already particularly connected to.
- While raising funds or collecting materials/supplies is important work, this project should go deeper.

Ways to do that include:

- Volunteering on site/taking part in an event like a walk that raises awareness and funds for your cause.
- Educating others about the mission of the organization.
- Bringing donations collected to an organization.

**What are your favorite things to do?** (Use these to brainstorm a project and/or organization)

**Brainstorm some ideas for a Mitzvah Project:**

**Brainstorm some ideas for an organization to work with or for:**

**How would this help the world around you?**
